

Belize, Costa Rica, Guatemala, Honduras, Mexico and Panama adopted the **San Pedro Sula Declaration** in 2017, and agreed to jointly implement the **Comprehensive Regional Protection and Solutions Framework (MIRPS)**. **El Salvador** joined this initiative in 2019. The MIRPS is a concrete application of the **Global Compact on Refugees**, which encourages regional cooperation among countries of origin, transit and destination for a greater **responsibility sharing in matters of prevention, protection and durable solutions**.

It also entails a **participatory approach** by directly involving people with protection needs and populations impacted by violence and insecurity. On the other hand, it integrates regional and international organizations, as well as cooperating States (Argentina, Brazil, Canada, Colombia, Spain, Switzerland and Uruguay), which are committed to the **humanitarian and development agenda**.
