Access to public transportation, including taxis, has been reduced, making it extremely difficult to support and transport vulnerable protection cases in some areas, particularly in Arequipa. Some refugees and migrants have to walk or use informal transportation.

The Government has implemented a **bonus of S/760** (USD 220 approx.) aimed to support **some 840,000 households in poverty and extreme poverty** in rural areas, amounting to **over 6 million households so far**, which is **not applicable to refugee and migrant families** in these communities.

Asylum-seekers, refugees and migrants situation

The online platform Matricula 2020 was launched by the Ministry of Education, which offers **over 11,000 children support during the suspension of face-to-face education**, as part of the Lima Aprende strategy. From now on, State education will grant access to refugee and migrant children with no registration requirements.

As part of the Government's inclusion of foreign health professionals during the Emergency, a further **80 nurses are in the process of joining the 20 Venezuelan doctors already in the ranks** to fight COVID-19 in Peru with the support of UNHCR.

Over 700 basic-need kits have been distributed, including **over 560 blankets in Cuzco and Apurímac border** in face of the upcoming winter season. Also, in Arequipa, UNHCR donated **over 1,100 blankets** to the Regional Government for the COVID-19 ward of the Hospital Honorio Delgado.

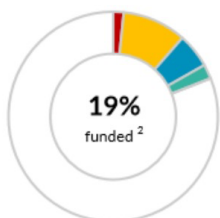

In Tacna, UNHCR distributed **over 200 diapers, some 220 sanitary towels** to refugees from Colombia, Haiti, Venezuela and locals currently sheltered by the Regional Government of Tacna. In Lima, cases of homelessness were supported by joint efforts of UNHCR and the Municipality with urgent alternative shelter solutions.

In Arequipa, UNHCR launched the 'Heroes de la Cuarentena' ('the Quarantine Heroes') campaign pilot through which **60 food vouchers were provided to refugees and migrants** and the host community to improve access to basic assistance and solidarity. The campaign will **benefit 250 families** in its first stage.
