No.	Question	UNHCR Response
A001	Is it possible to use a business partner for the provision of the service?	Subcontracting is allowed, provided that the invoice is issued by the contracted company. In the event that the Contractor requires the services of subcontractors to perform any obligations under the Contract, the Contractor shall obtain the prior written approval of UNHCR. UNHCR shall be entitled, in its sole discretion, to review the qualifications of any subcontractors and to reject any proposed subcontractor that UNHCR reasonably considers is not qualified to perform obligations under the Contract. UNHCR shall have the right to require any subcontractor's removal from UNHCR premises without having to give any justification therefor. Any such rejection or request for removal shall not, in and of itself, entitle the Contractor to claim any delays in the performance, or to assert any excuses for the non-performance, of any of its obligations under the Contract, and the Contractor shall be solely responsible for all services and obligations performed by its subcontractors. The terms of any subcontract shall be subject to, and shall be construed in a manner that is fully in accordance with, all of the terms and conditions of the Contract.
